EDUCATION

Shri Ramswaroop Memorial University

Bachelor of Computer Applications (Data Science)

Lucknow, UP

2022 – 2025

IIIT Ranchi(Joint Program with IIT Patna)

Master of Computer Applications (MCA)

Patna, Bihar

2026 – 2028

PROJECTS

BeatMetrics | *Python, SQL, Power BI, Data Analytics, Machine Learning*

- Developed a music analytics platform to analyze Spotify performance metrics, audience engagement, and artist growth trends.
- Built data processing workflows for cleaning, transforming, and analyzing datasets using Python and SQL.
- Designed interactive dashboards and visualizations to track key performance indicators and business insights.
- Applied analytics and machine learning techniques to support data-driven decision-making.

AI Resume Analyzer | *Python, NLP, Machine Learning, FastAPI*

- Built an AI-powered resume analysis system that evaluates resumes against job descriptions and extracts key skills.
- Implemented text processing and NLP techniques to generate candidate insights and resume-job match scores.
- Automated resume screening workflows to improve evaluation efficiency and reduce manual effort.
- Utilized machine learning concepts to enhance candidate assessment accuracy.

Customer Churn Analysis | *Python, SQL, Pandas, Power BI, Machine Learning*

- Analyzed customer behavior data to identify factors contributing to customer churn and retention.
- Performed data cleaning, exploratory data analysis (EDA), and feature engineering using Python and Pandas.
- Built predictive machine learning models to estimate churn probability and evaluate customer risk segments.
- Developed interactive Power BI dashboards to visualize churn trends, customer demographics, and key business metrics.

TECHNICAL SKILLS

Programming Languages: Python, SQL

Data Analytics: Excel, Power BI, Tableau, Data Cleaning, Data Visualization, Exploratory Data Analysis (EDA)

Machine Learning: Scikit-Learn, Regression, Classification, Clustering, Feature Engineering

Libraries: Pandas, NumPy, Matplotlib, Seaborn

Tools & Platforms: Git, GitHub, Jupyter Notebook, VS Code, FastAPI, Docker

Databases: PostgreSQL, MySQL

CERTIFICATIONS

Data Science Methodology - IBM

Python (Basic) Skill Certification - HackerRank

Data Analytics Essentials - Cisco Networking Academy

Introduction to Data Science - Cisco Networking Academy

Data Analytics using Excel - TCS iON

Career Essentials in Data Analysis - Microsoft & LinkedIn Learning

ACHIEVEMENTS

- Built end-to-end Data Analytics and AI projects using Python, SQL, Machine Learning, and Power BI.
- Developed and deployed a Data Science portfolio showcasing analytics, AI, and machine learning projects.
